

# NORML's Medicinal Cannabis 4-Point Model

**1 PATIENT FOCUSED**  
**safe, affordable,**  
**natural cannabis.**

Access to herbal or pharmaceutical products, for all medicinal uses.

**2 IMMEDIATE EFFECT**  
**not just a long term**  
**development pathway.**

1-in-20 New Zealanders already use cannabis medicinally. We need it now.

**3 LOCAL PRODUCTION**  
**by licensed growers.**

More choice, reduced costs, and local jobs. Don't lock out our own people.

**4 SELF PROVISION of**  
**homegrown herbs.**

Help more patients and caregivers by allowing home growing.

#WhatWouldHelenDo

[norml.org.nz/medical/patient-focused](http://norml.org.nz/medical/patient-focused)

# You can make cannabis legal.

## **1 REGISTER TO VOTE** **and be ready for** **the referendum.**

The Government will hold a referendum on legalising cannabis at or before the next election in 2020. Push for it to be binding. Help shape the question.

## **2 SUPPORT LOCAL** **REFORM GROUPS.**

Make a donation or get involved in your area. If there is no local group, start one up. Contact us for advice and ideas.

## **3 TELL YOUR MP** **to support law**

**reform.** They need to know your vote depends on it.

## **4 GET EDUCATED** **spread facts not**

**myths.** See our website *norml.org.nz* and learn how to handle any cannabis debate.

## **5 HELP US SUPPORT** **GOOD WORK.**

Donate to NORML's grant programme.
